

# Company Profile

## Who we are

Sai Engineering is one of Nagpur's leading specialist in the field of Hot and Cold Insulations. We provide our services to residential, commercial, and industrial applications throughout Maharashtra. The company under the able guidance of Mr. Eknath Tichkule – Director and Pankaj Tichkule-Chairman has created a significant name in the Industrial Circle. It is quite evident from our clientele List which constitute units of reputation. It is the result of our quality workmanship and technical standards, we have been maintaining from the inception of our firm. We have a dedicated staff of fully trained personnel equipped with modern technical know-how and modern facilities to provide you the best in the industry. We have worked in difficult situations and have always upheld time schedule to avoid any adverse effect on the working of the concerned units. It has been our endeavor to bring down the cost factor without affecting the quality of work.

We have been undertaking Insulation work for various Government Department, Semi Government Department, and reputed private sector units which include industries such as chemicals, pharmaceuticals, fertilizers, petrochemicals, oil refineries, dairy farms, detergent, engineering units, electricals, electronics, paper, cement, furnaces, sugar mills and many more....

We boast of sophistication in facilities as well as manpower expertise, which has contributed to overall reduction in energy consumption in Indian Businesses. We have an expertise in providing a wide range of insulation solutions. We wish to associate with our clients from Product Engineering Stage to Final Execution to provide our clients, the best in Insulation Solutions. By reducing energy consumption, we also add to individual's comfort and reduce energy costs, thereby improving the profitability of businesses.
